

CABERFAE SKI CLUB

Parking Policy

Adopted January 1, 2010

Please be Patient! Everyone that currently has a parking pass has waited roughly 10 years for the privilege of parking in the Club lot.

- 1. The waiting list order is determined by the date when your first dues check was received by the treasurer upon joining the club. The tie breaker for those members whose checks came in on the same day is the date your application fee was received.**
- 2. All members are allowed to pull up, load and unload their gear at all times. When you are done please move your car into the Ski Area's Main lot. Do not park behind the Mackenzie Lodge.**
- 3. Please display your parking pass so it is visible through your windshield hanging on the rearview mirror. Passes are non transferable and can only be used by the holder on their own vehicles. If you forget your pass, please see the Club Manager and get a temporary pass for the day. Temporary passes must be returned at the end of the day.**
- 4. Violators who park in the lot without a parking pass will be issued a written notice placed on their windshield. If a second offense occurs a \$25 fine will be applied to your dues the following year and you will move 3 places down on the waiting list. Chronic offenders are subject to towing and or loss of membership. The same consequences apply if you park in the ski resort's lot behind the Mackenzie Lodge.**
- 5. If the lot is full and you need to double park, please make sure you know who you are blocking in and either notify that member or give the Club Manager your keys to allow them to move your car if necessary.**
- 6. All members may park in the lot on any day after 4:00 pm. One car per membership please.**
- 7. All members may park in the lot at any time on weekdays excluding holidays and Christmas week which are posted on the club calendar annually. One car per membership please.**
